

Dear CT Legislator,

This is in support of the bill that would extend SeeClickFix.

I have used SeeClickFix many times and find it to be an efficient and expeditious way to get action of safety and environmental problems.

Even for problems that don't get solved it is a step in the right direction by creating a record of municipal abdication that can be shoved in the faces of ineffective elected officials.

SeeClickFix advances the biblical order:

“So do not be afraid of them, for there is nothing concealed that will not be disclosed, or hidden that will not be made known.”

Matthew 10:26

Take care,

Bill Corcoran
